<b>Crating</b>	
Crate construction labor per crate under 20 cu. ft.	\$ 60
Crate construction labor between 20 - 30 cu. Ft.	\$ 80
Price per square foot of finished surface area	\$ 4.50
Price does not include wheels or the construction of base supports. Crates that require two people to lift and move because of size and/or weight will not be attempted. All crates are built on location with OSB, 2x4s, and screws. All items to be crated are wrapped in bubble wrap and surrounded in foam.	
<b>Example:</b> A 12in x 12in x 12in item has a surface area of 6 square feet. It will require a crate with a total surface area of 10.67 square feet (adding 4in per dimension). So crating the item will cost an estimated \$124.02. (10.67 Sq Ft x \$6 per Sq Ft = \$64.02 + \$60 fee = \$124.02.)
