Washer or dryer (electric)	\$ 65
Washer or dryer (gas)	\$ 65
Cap for gas and/or water lines as needed for leaks	\$ 10

Crating	
Crate construction labor per crate under 20 cu. ft.	\$ 60
Crate construction labor between 20 - 30 cu. Ft.	\$ 80
Price per square foot of finished surface area	\$ 4.50
Price does not include wheels or the construction of base supports. Crates that require two people to lift and move because of size and/or weight will not be attempted. All crates are built on location with OSB, 2x4s, and screws. All items to be crated are wrapped in bubble wrap and surrounded in foam.	
Example: A 12in x 12in x 12in item has a surface area of 6 square feet. It will require a crate with a total surface area of 10.67 square feet (adding 4in per dimension). So crating the item will cost an estimated \$124.02. (10.67 Sq Ft x \$6 per Sq Ft = \$64.02 + \$60 fee = \$124.02.)	
Uncrating	
Disassembly and removal of crating materials of	\$ 60
crate with longest dimension under 42 in.	
Disassembly and removal of crating materials of	\$ 80
crate with longest dimension over 43 in.
